CAREER OBJECTIVE

Computer Science Engineering student with knowledge of Java, SQL, databases and data analysis. Strong understanding of programming fundamentals, problem-solving, and analytical skills. Interested in software development, data analysis and technology-driven solutions. Seeking an entry-level IT position to apply technical skills in real-world projects. Eager to learn new technologies and contribute to organizational growth.

EDUCATION

Dr. N.G.P. Institute of Technology

Bachelor of Engineering-Computer Science and Engineering
CGPA-8.13

Tamil Nadu, India

September 2023-Present

P.S.G.G Kanya Gurukulam Hr. Sec School

Secondary School Leaving Certificate (SSLC)
Percentage-88 %

Tamil Nadu, India

2021 - 2023

P.S.G.G Kanya Gurukulam Hr. Sec School

Higher Secondary Certificate (HSC)
Percentage-100%

Tamil Nadu, India

2020 - 2021

SKILLS SUMMARY

- **Technical Skills :** JAVA ,PYTHON,HTML,CSS,JAVASCRIPT,OOPS
- **Database :**MySQL
- **Development Tools :**VS Code
- **Computer Skills:** MS Office ,PowerPoint
- **Soft Skills:** Leadership, Communication, Time Management ,Team Work

PROJECTS

LibraryManagementSystem:

2023-2024

Developed a desktop-based application to manage library books, inventory, and issue/return records. The system enables users to add, view, update, and delete book details while tracking book availability and issuer information. Integrated SQLite for reliable data storage and implemented an interactive Tkinter-based graphical user interface for efficient record management.

Tech:Python,Tkinter

Database:SQLite

Tools: VS Code / Python IDLE

Indian Sign Language Detection System:

2024-2025

The Indian Sign Language Detection System is a computer vision-based application designed to recognize hand gestures through a webcam and classify them into predefined sign language labels. The system uses hand detection and image preprocessing to identify the hand region and a trained machine learning model to predict the corresponding sign in real time. It provides visual predictions on the webcam feed, supporting accessible communication through sign language recognition

Tech: Python ,OpenCV ,NumPy

Libraries:CVZone,HandDetector,Classifier

Model: Keras Deep Learning Model

Tools: VS Code

AI Resume Analyzer and ATS Screening System:**2025-2026**

The AI Resume Analyzer is a web-based application designed to automate resume screening and provide candidates with an ATS score based on the selected job role. The system allows users to create accounts, upload PDF resumes, analyze relevant skills, identify missing skills, and receive recommended courses and learning resources. An HR dashboard enables authorized users to view shortlisted candidates, ATS scores, contact details, and uploaded resumes.

Tech:Python,Flask,HTML,CSS,JavaScript**Database:**MongoDB**Libraries/Frameworks:**Bootstrap,Jinja2**Tools:** VS Code**ExpenseTracker:****2026**

Developed a web-based Expense Tracker application to help users record, categorize, and manage their daily expenses. Implemented functionality to add and delete expenses, calculate the total amount spent, and display expense details dynamically. Designed a simple and responsive user interface for efficient expense management.

Tech:HTML,CSS,JavaScript**Features:**ExpenseTracking,CategoryManagement,DynamicTotalCalculation,CRUDOperations**Tools:** VS Code

INTERNSHIPS

Skylena Info Technology Pvt. Ltd. | Coimbatore, Tamil Nadu |Web Application Development Intern | June 2025 | 15 Days

Gained practical experience in web application development using HTML, CSS, and JavaScript.Worked on developing and designing responsive web pages and user interfaces.Applied web development concepts to build and improve application features.Gained hands-on experience with frontend development, debugging, and problem-solving.

AREA OF INTEREST

Software Programming, Business Intelligence, Full stack development, Database Management Systems

TECHNICAL AND INDUSTRIAL EXPOSURE

- Attended Workshop on “Front end Development” in Rathinam Institute of Technology
- Participated in Paper presentation on “Automatic Traffic sign Detection” in Sri Ramakrishna Engineering College.
- Participated presentation on “smartOps360” conducted by MSME in Dr.N.G.P. Institute of Technology

CERTIFICATIONS

- NPTEL-Cloud Computing with 52% in 2023
- NPTEL-Responsible and Safe AI is completed Successfully in 2024
- NPTEL-Introduction to IOT completed with ELITE in 2025
- MongoDB -Introduction to AI and Vector Search
- Microsoft-Power BI Data Analyst associate NASSCOM
- Cognitive Class-Data Analyst With Python
